Dear Sir,

As requested in your letter of June 26th, I enclose herewith three autographed photographs, in two of which Lady Wakehurst has been photographed with me. As regards the biographical details for which you ask, I think you will find all you will want in the article on page 463 of the enclosed copy of "The English-Speaking World", under the title of "Silhouette...."

It is most kind of you to wish to include a note about me in your newspaper, and I should be most interested to see a copy when it is published.

With all good wishes,

Yours very truly,

Wakehurst
