Dear Sir:

You are extremely kind to have thanked us for the insignificant service of a recent publication of "El Norte". Your letter has been translated and published in to-day's issue and we feel sure that our readers will appreciate your kindness.

I am a collector of postage stamps. Will you please send me some specimens of your country and give the address of some stamps-collectors of Tokyo?

If you care for a bibliographical note on any of the books you have published, please send it to me, with an autographic dedicatory and oblige thus.

Yours truly
