Dear Señors Basave:

Last May 5th. you wrote to me asking me to send you my portrait and data for use in your biographic sketches of famous personalities.

As I have had no word from you since I sent you the photographs and material I am wondering if you ever received them.

If so, and if you have published the sketch I would greatly appreciate receiving a copy of EL NORTE in which it appeared.

Sincerely yours
A. Hyatt Verrill
