Dear Sir,

We are the publishers of the works by Erich Kaestner who has been informed by the German Embassy in Mexico that you have the intention of publishing an article on him. As our London Office deals with all publications abroad (the main seat of our firm is in Zurich, Switzerland), Dr. Kaestner has forwarded to us your request of receiving biographical data as well as an autographed photograph of the author. We have pleasure in sending you now the biographical notes and the photo by the same mail. If you want any more information, please do not hesitate to write to us.

We should be grateful if you would send us 3 copies of the article, one of which we would pass on to Dr. Kaestner.

We hope you do not mind that the material we send you is written in German.

Yours truly,  
ATRIUM VERLAG A.G.
