Dear Mr. Basave:

I am beginning the  
writing of a master's  
thesis on Mexican  
literature for my  
master's degree in  
College. I want to  
write about the develop-  
ment of Mexican lit-  
erature and then I

want to write about the lives  
and works of a few modern  
writers. I have chosen you  
as one I would like to in-  
clude in my thesis. Any  
information you might give  
me concerning your life  
and your writing would be  
greatly appreciated.

I would like to buy  
a copy of your "History of  
Mexican Literature" to use as  
a reading source if you  
could tell me where one  
could be purchased.

I would consider it an  
honor to have something  
in your own hand writing  
to insert within the pages  
of my thesis.

This work I am  
compiling is not for pub-  
lication, but is for college  
work and a copy of it will  
be placed in the college  
library.

Thank you so much for
