Gentlemen:

A member of the faculty of this University has asked us to secure a copy of the following publication: Estudio arquitectónico de los edificios Huastecas, por Wilfrido du Solier Massieu. 1945. (Anales del Instituto nacional de antropología e historia, 1)

We should be very grateful to have a copy of this publication particularly, or of all the Anales if they are available for free distribution. If they are available by purchase, may we be informed of the price?

Yours very truly,

*Ellen Jackson*
