Dear Dr. Du Salier -

Your extremely interesting and important paper, Estudio Arquitectónico de los Edificios Huastecas, arrived a few days ago. May I extend my sincere thanks for your great kindness and consideration in sending me a copy. It is a pleasure to be remembered in such a way. I have not had time as yet to read the whole publication, but am doing so a little at a time. The complexity of the mounds and pyramids you describe is quite amazing, and I hope to be able soon to start some work on the connections between east Texas and northern Mexico.

Again thanking you and wishing you all success, I am

Very sincerely yours,  
Alex D. Krieger
