Dear Mr. Kohler:

Thank you very much for letting us see this. You say some very apt things about Hemingway. I am sorry, however, that we have already had so much about him, that we do not think we ought to run a long essay of this sort. I hope, however, that you will be able to print it somewhere, because it seems to me much better than most of what has been written on the subject.

Yours sincerely,

Tecnológico
de Monterrey

Edmund Wilson
