Sr. Valentin Rivero,

Monterey, Mexico.

Dear Sir:-

The writer has been pleased to note that we have done more business with you in the first six months of 1894 than in the whole of 1892 and 1893. We trust that our shipments have been entirely satisfactory to you, and that it may not be long before you can again favor us with your commands for goods in our line. Please advise us what is the present condition of business in and around Monterey; what is the present rate of exchange; and how soon you think you will be wanting more goods. We will try and have our Mr. Elzemeyer visit you at such time as may be most convenient to you.

Yours truly,
Simmons Hdw. Co.
