EL NORTE

=DIARIO MATUTINO INDEPENDIENTE=

APDO. 186

MONTERREY, N. L.

It is the greatest pleasure for me to continue my association with Eug. Evaristo Araiza in the work which we commenced together as members of the Joint Mexican American Commission for Economic Cooperation. I believe that our most important recommendations emphasized interdependence and the necessity for continuous cooperation. In the work of the New Mexican American Commission I believe that we shall attain the goals which the first commission outlined.
