EL NORTE

METRO-GOLDWYN-MAYER

PORTRAIT BY CLARENCE BULL

VERSATILE ARTIST.....World-renowned Jose Iturbi adds a fourth "dimension" to his careers of pianist, composer, conductor. He is a full-fledged actor and in "The Birds and the Bees," comes to the screen as a romantic hero! Again playing himself, this time Iturbi not only woos Jeanette MacDonald, but marries her. Starred with Iturbi and Miss MacDonald is young Jane Powell who adds her historic and musical talent to the all-star picture. Filmed in Technicolor it was directed by Fred Wilcox. Joe Pasternak produced for Metro-Goldwyn-Mayer.
