Dear Mr Augustin Basave,

It was most kind of you to say you would welcome me! My first friend in Mexico! One day perhaps.... In any case - thank you!

You ask for one of my books. Please remember that I am a dramatist, not a novelist! Several of my plays have been played in the West End of London, but of these I possess only typescripts. Of course all my (about) thirty plays are published in book form in Dutch. I am sending you three.

However -- you can have a BOOK of mine. Very recent work. It is 'Memoirs of my youth' and is published in my mother tongue. Perhaps you will not be able to read it, but nevertheless, I am asking my Dutch publisher to post to you

JEUGDHERINNERINGEN VAN EEN ASSER JONGEN,

dedicated to my (English) wife. If you like to add it to your bookshelf, please paste the enclosed inscription inside.

Next year my second 'book' -- my Memories of Java -- will be published. This will be illustrated by a well-known artist.

If you can read my first book you shall have my second!

With kind wishes,

Yours ~~sin~~cerely,

Jan Fabricius
