Dear Señor Basave,

your esteemed letter of June 18th was forwarded to me at Blue Mt. Lake where we are spending two weeks before my summer courses begin (July 2). I have no picture of mine at hand here, but I shall send you one from New York in a week or so.

Enclosed you find a biography of mine you will kindly excuse that it is not type written - I have no type writer here at present.

Very truly yours

V. F. Hess
